Phil.-nat. Fakultät
Institut für Zellbiologie

Postdoctoral position in
Cell Biology/ RNA biology/ Molecular Parasitology

We are looking for a motivated postdoctoral scientist to join our team at the Institute of Cell Biology, University of Bern. The position is available for 2 years, from 1 September 2019. The salary is according to the scale of the Swiss National Science Foundation (SNF).

The SNF-funded project focuses on nuclear architecture and the dynamics of transcription and mRNA export in the unicellular eukaryote *Trypanosoma brucei*.

The successful candidate should have a strong background in molecular/cell biology, biochemistry or bioinformatics and a record of peer-reviewed publications. Previous experience in molecular parasitology is desirable, but not essential. The working language of the lab is English.

Informal enquiries are welcome.

Applications with c.v., a short summary of previous research experience and the names of two referees should be sent to:
